

Features

Provides Select and Unselect speakers for a Scout position

Connects to the Scout Software Media Workstation via USB cable for distortion-free, digital audio

Requires no batteries

Adjusts or mutes the volume quickly and easily with built-in controls

Includes auxiliary cable

Easy to switch between console positions due to its lightweight, compact design

NOTE

Speakers not guaranteed to be silver.

USB Dual Speaker Kit

For the Scout console running the Software Media Workstation, Avtec offers the USB Dual Speaker Kit as a portable, USB-powered speaker accessory.

This speaker kit features pure, digital audio and a sleek, portable, and curved design. Volume adjusts quickly and easily with built-in controls. Two USB cables supply both audio and power directly from the Scout console computer.
