

Features

Push-to-talk amplifiers are the proven standard for Air Traffic Control and Public Safety Dispatch

USB interface

Compatible with standard USB drivers

USB PTT Quick-Disconnect Adapter

Avtec's USB PTT Quick-Disconnect Adapter enables dispatchers to move around freely and comfortably without removing the headset.

Avtec offers the USB PTT Quick-Disconnect Adapter as an accessory for the Software Media Workstation. This USB headset adapter with push-to-talk switch and serialization options ensures high quality USB audio. Its quick-disconnect feature allows the headset to detach without losing the call.

Requires headset top.
